# Section 1 : ADDING A DELIVERY AGGREGATOR

**Step –1:** Login as a Super Admin Role

**Step –2:** Navigate to:

Menu -> Master Settings -> Delivery Aggregator -> Delivery Aggregate Tab -> Add Delivery Aggregator

The screenshot shows the 'Delivery Aggregators' management page. The breadcrumb trail is 'Home > Master-Settings > Delivery Aggregate Hub'. The page title is 'Delivery Aggregators' with the subtitle 'Manage your delivery aggregators'. There is a search bar and an 'Add Delivery Aggregator' button. A table lists three aggregators: Zomato, Blinkit, and Swiggy, all with 'Active' status. The table has columns for Sno, Aggregator Name, Logo, Aggregator Code, Aggregator Status, Status, and Actions. The status column shows 'Active' in green. The actions column has edit and delete icons. At the bottom, there is a pagination bar showing 'Page 1 of 1(1-3 of 3)'.

Sno	Aggregator Name	Logo	Aggregator Code	Aggregator Status	Status	Actions
1	Zomato		ZOM	Active	Active	
2	Blinkit		BLIN	Active	Active	
3	Swiggy		SWG	Active	Active	

## Add Delivery Aggregator

**Step –3:** Add Required Details Here -> Click Create

The screenshot shows the 'Add Delivery Aggregate' form. On the left is a large red 'Q' logo with 'QEUBOX' text below it. The form fields are: 'Delivery Aggregate Name\*' (Zomato), 'Logo URL\*' (https://upload.wikimedia.org/wikipedia/co), 'Delivery Aggregate Code\*' (ZOM), 'Partner Status\*' (Active), and 'Status' (Active). A red 'Create' button is at the bottom right.

## Section 2 : ADDING A RESTAURANT

**Step –1:** Login as a Super Admin Role

**Step –2:** Navigate to:

Menu -> Master Settings -> Delivery Aggregator -> Restaurant Tab  
-> Add Restaurant

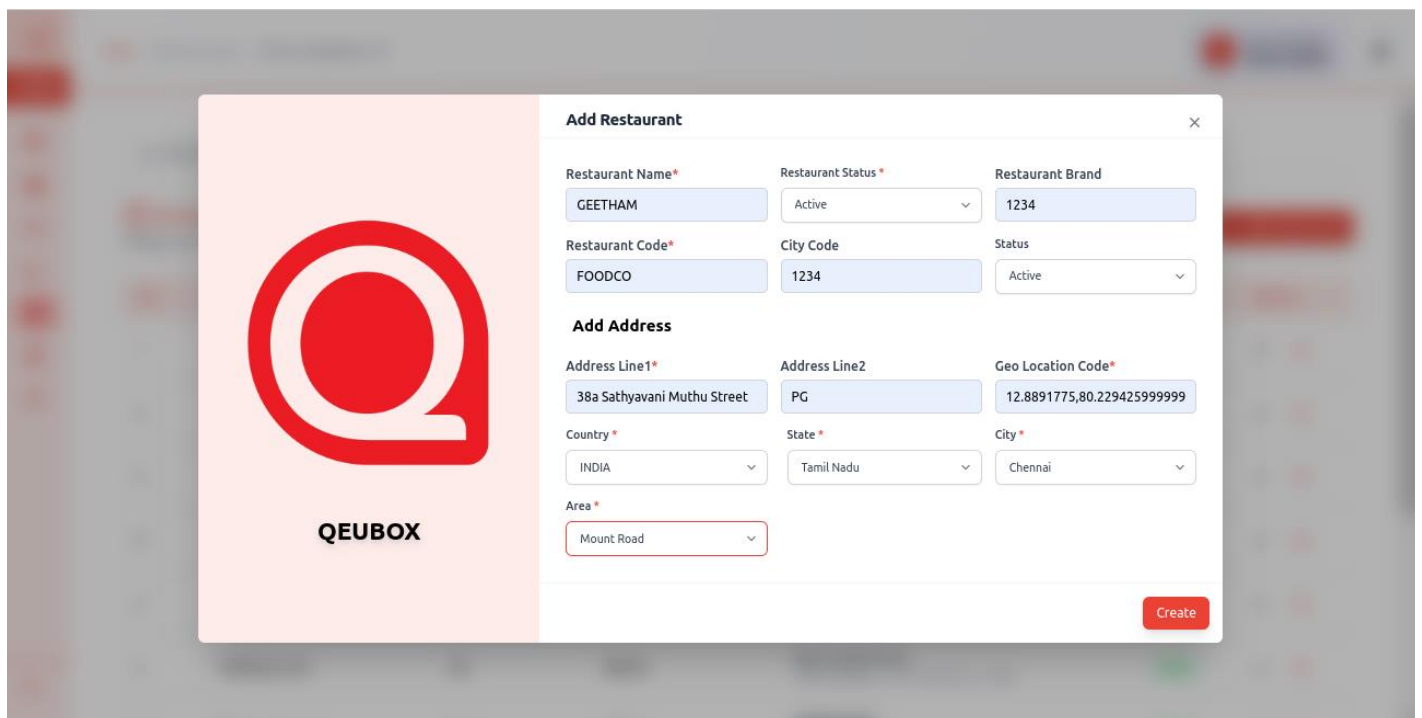

The screenshot shows a web application interface for managing restaurants. On the left is a vertical menu with icons for Home, Restaurant, Restaurant FoodSku, and Partner FoodSku. The 'Restaurant' tab is selected. The main area has a breadcrumb trail: Home > Master-Settings > Delivery Aggregate Hub. Below this is a sub-header 'Restaurant' with the text 'Manage your Restaurant'. A search bar labeled 'Search Restaurant...' and a '+ Add Restaurant' button are present. A table lists six restaurants with columns: Sno, Restaurant Name, Brand Name, Restaurant Code, Address, Status, and Actions. Each row has edit and delete icons in the Actions column.

Sno	Restaurant Name	Brand Name	Restaurant Code	Address	Status	Actions

### Add Restaurant

**Step –3:** Add Required Details Here -> Click Create

The screenshot shows a modal form titled 'Add Restaurant' with a close button (X). On the left is a large red circular logo with a white 'Q' and the text 'QEUBOX' below it. The form fields are organized into three rows. The first row contains 'Restaurant Name\*' (text input with 'GEETHAM'), 'Restaurant Status\*' (dropdown with 'Active'), and 'Restaurant Brand' (text input with '1234'). The second row contains 'Restaurant Code\*' (text input with 'FOODCO'), 'City Code' (text input with '1234'), and 'Status' (dropdown with 'Active'). The third row is titled 'Add Address' and contains 'Address Line1\*' (text input with '38a Sathyavani Muthu Street'), 'Address Line2' (text input with 'PG'), and 'Geo Location Code\*' (text input with '12.8891775,80.229425999999'). Below these are 'Country\*' (dropdown with 'INDIA'), 'State\*' (dropdown with 'Tamil Nadu'), and 'City\*' (dropdown with 'Chennai'). At the bottom is an 'Area\*' dropdown with 'Mount Road' and a red 'Create' button.
